While Gov. Smith, who has pleade his inability to leave his duties at Albany as an excuse, will not be present his supporters will be on hand in full force. Gov. Ritchie and Senator Reed will be among the presidential aspirants who will speak. William G. Mc Adoo and others who represent the anti-Smith wing of democracy will be among the speakers and the party harmonizers are holding their breaths for fear one of them may say something which will start a rumpus. John W. Davis, the 1924 presidential nominee, is to be toastmaster.

The meeting of the Democratic nanal committee, which commenced on Thursday, is expected to run for two or three days more. The chief business in hand is the selection of a city for the 1928 convention. The utmost uncertainty prevails as to the committee's choice. It is believed that Cleve land has an excellent chance of landing the convention, but several other cities, including Chicago, San Francisco, Detroit, and Miami are prepared to make determined efforts to get it.

#### FRANK HOUGH SAYS:

Yes, sir-it was a great Christmas, and the New Year started off with a big noise and a cold snap.

It is going to be a good year, whether they nominate Hoover, Dawes, Smith or a dark horse-but the boom times are over, and business days are with us.

We must now buy like the Scotch, for value, because that is the business way to buy.

You should step out with your best foot foremost in the New Year. So that you can step into the quality class, you should step in Stetsons.

So that you can realize what value means, we are giving you a sale at the Stetson Shops during January.

Here, we are giving you real value in shoes. That means: Fit, Style, Comfort, and Service. Two hundred cents worth of each for every dollar you pay.

The prices are lowered close to the cost line, to start you off in Stetson shoes for a prosperous New Year.

Stetson shoes on your feet are the foundation for a good appearance. Stetson wear in your shoes gives you the value that is the foundation of a good bank account.

Downstairs in the Dearborn Street Shop we have something new. A luxurious lounge, where you can have your shoes fitted in clubroom comfort-a little foretaste of the elegance and comfort the Stetson Shoes will give you in

The Stetson man who waits on you is not an ordinary salesman. He is a trained assistant, who will help you select footwear that is valuable to you and value for you.

# For the Convenience of Motorists

# WHO USE THEIR CARS TO SHOP DOWNTOWN

Cooperating with the City in an earnest endeavor to make a thorough test of the new parking ordinance, we call attention to the arrangements for parking in Grant Park:

### 1. For the Chauffeur-Driven Car

The South Park Commissioners have provided a waiting room for chauffeurs at the entrance to the paid parking space at Monroe Street in Grant Park.

If you desire you may instruct your chauffeur to go to the Grant Park Parking Space and report to the waiting room attendant. When you are through shopping you may call the chauffeur by telephoning Wabash 5740. The South Park Commissioners will collect the regular fee of 25c for the use of the parking space. There will be no other fee.

### 2. If You Drive Your Car Yourself

Ample facilities are provided in Grant Park in both the paid and free parking spaces. For the convenience of those who do not wish to walk this distance, the Chicago Motor Coach Company will operate a new line of coaches from the parking space to the shopping district and return. These busses will be in service from 8 o'clock A. M. until 6:15 P. M., beginning tomorrow morning, January 10. The regular 10c fare will be charged. The route will be as follows:

From paid parking space, south, through free parking space; west on Jackson Boulevard to State Street; north on State to Randolph; east on Randolph to Michigan Avenue; south on Michigan to Monroe; east over Monroe viaduct to parking space.

Free transfers will be given to all connecting bus lines.

### There Are Many Other Parking Facilities

A survey by the Association of Commerce shows that in the Downtown district there are 26 garage buildings and 34 parking lots, with a large unused surplus capacity. The rates are low. Moreover, parking will be allowed on the two levels of Wacker Drive, which have a capacity of 1700 cars.

Mr. Norris' amendment provides for the inauguon of the new congress on Jan. 2, two months er the November election, and of the new Presiat and Vice President on Jan. 15. The advantages bringing the new congress into power more otly are obvious. At present, congresses hich have been repudiated by the people are perto go on legislating for a year and more

after popular opinion has been registered. Irresponsibility in congress breeds uncertainty in the nomic life of the nation.

The justification for the long delays provided by the constitution is to be found in the history of transportation. When the constitution was drafted it took weeks and even months to travel from remote district to the capital. The movement of the mails was slow. Before a congressman could leave home he had to put all his affairs in order for an extended absence, during which communication with his family and business associates would be limited. That also took time.

The conditions of life have undergone great changes since Washington's inauguration, and the constitution can be altered to recognize some of them without in any sense weakening the structure of government set up by the original states.

#### FROM CANADA TO PANAMA.

The Mexican financial crisis is to be met, it is rumored, through the sale of the Mexican railways to the Canadian National lines. The purchase money will be provided by American bankers who have preferred to act through a Canadian company to obviate any suspicion that the United States was using its financial strength to undermine Mexican independence. Without responsibility for railroad loans, the Mexican government will find its annual debt charge reduced from \$58,000,000 to \$10,000,000, it has been estimated, a good deal of needed moisture. and Mexicans will share in the benefits of improved railroad service,

A tobacco user, especially a smoker is far more obnoxious than the casual drinker. I know many tobacco users have known numbers of men who got exceedingly drunk-some silly drunk, some crazy drunk, some sleepy drunk-who when sober were wonderfully fine people. When any one tolerates in his own life any transaction, any habit which canan example for his child to follow, that person's religious testimony is about as potent as an automobile with a flat tire. Self-respect suggests either the repair shop or the junk buyer.

J. E. PHILLIPS. AFRAID OF DOGS. Chicago, Jan. 5 .- I am writing in hopes that some other mother who has had the experience I am having can tell me what her remedy was.

My 5 year old boy is a healthy, norma child in every way but one. He is frightfully afraid of dogs and will not play outside if he sees any dogs around. We have never frightened him in this regard, or any other, for that matter, We have tried explaining to him that there is no danger, but it seems like waste of breath. He will have to begin school next year. Something must be done before then. We contemplate geting him a puppy, but as we do n know much about dogs, are undecided

**Tribune Want Ads** Found Buyers for All Her Cast-Off Household Goods

66 THANKS to The Tribune!" Again a pleased want ad user tells a story of success with Want Ads that far exceeded her expectations.\*

When she moved into her new apartment Mrs. William Barnes of 5100 Lawrence avenue found that she would have no further use for some old pieces of furniture. Particularly an unwieldy gas heater that would be superfluous in her new home, and a bulky, full sized bed. So, instead of giving them away, or sacrificing them to a second-hand man at a fraction of their real value, she decided to make one attempt to sell them, and an ad describing these articles appeared in The Sunday Tribune.

Before 11 o'clock that day the bed and the heater had been sold at a good price, and Mrs. Barnes reported, in addition to the sale of these advertised goods, that "So many people called that I was able to sell many other items I had intended to throw away, never dreaming that they could be sold!"

This service is characteristic of Tribune Want Ads. Their greatness, as the World's Largest Want Ad Medium, is founded on the profuse results they produce for any type of offer. If you have anything to sell, whether a service or a commodity, advertise it where it will attract the greatest attention and meet with the most profitable response! Call-

CUMMINGS & FOREMAN,

Real Estate Corp., EDMUND F. LINDORF Manager Maywood Office,

YEARS of experience had taught Cummings & Foreman, real estate dealers, a sales policy that met the most exacting demands. So they were not in the least baffled when one of their clients qualified an order to sell his house by specifying that the sale be turned immediately and that it show a profit. \*

To meet these requirements Edmund F. Lindorf, the company manager in Maywood, enlisted The Tribune's help, and a well worded ad describing the house sppeared in the next day's Want Ad Section.\* His greatest expectations were fulfilled, for within 48 hours he closed a deal with one of the many prospects his Tribune Ad had brought him and turned for his client a profit of \$1,000.

This experience simply affords another example of the instantaneous, profitable results characteristic of Tribune Want Ads. As a sales force they are unequaled by any other medium in Chicago! No matter what you want to sell, enlist this powerful force by calling-

The Incredible Life and Death of Frank Luke, Jr., America's Second Ace

NORMAN S. HALL

December 10, 1917, a six-foot, canary-blond student-aviator in Uncle Sam's army wrote from Rockwell (flying) Field, California, these words to his sister:

"I will make myself known or go where most of them do."

Less than a year later, Frank Luke, Jr., who was that aviator, did both.

In a fighting career that was brief as a meteor and brilliant as a comet, he achieved an ever-lasting niche in American history as his country's second ace and the only American war bird awarded the Congressional Medal of Honor.

Captain Edward V. Rickenbacker, America's first ace, said: "Luke was the greatest fighter who ever went into the air. If he had gone on I would have looked like a third-rater!"

Thus young Luke made good his boast in only 17 days of actual fighting, in which he brought down 14 German captive balloons and 4 German planes. And then, brought down by the Germans, he refused to surrender, fighting with a six-shooter until his final bullet was spent-true

E was a Broncho Buster in Arizona. He I was the foremost Buster of Balloons and Military Regulations in the World War! Awarded the Congressional Medal in death, he would have been recommended for a Court Martial had he lived. The army couldn't tame him-the Germans couldn't conquer him. He died fighting with a sixshooter in his hand—a true Westerner to the last -after the shortest and most spectacular fighting career in the air service of the World War.

westerner to the last. He was only 21 when death closed the book of his colorful career.

Luke specialized in the most hazardous type of air fighting. He was a "balloon buster" and to "bust" captive military balloons, the airman must come close to earth in easy range of land artillery, anti-aircraft and machine guns—as well as the guns in the basket of the balloon. Luke's luck held for 14 balloons—a record never equalled.

Luke was arrogant—and yet humble. He was selfcentered as a movie actor—and yet would go hungry so that a pal might eat. He liked to masquerade as a girl yet he could wade into a tough mining camp dance hall and smash belligerent ore handlers into submission with his fists. He could mine copper or ride a cow-pony all day—and then give dancing lessons at night to make extra money. He could shoot through a daisy as far as that flower is recognizable—but he never fought, except on the battlefield, with anything but his fists.

A genius as a war bird, a devil for luck, an American and a man's man, the life story of this amazing lad who came out of the West finally to "go west" on the battlefield, makes one of the most thrilling epics of the World War and American history. Now, in LIBERTY, the story of Frank Luke, Jr., from birth to death, is told for the first time.

To write this biography, Norman Hall interviewed parents, relatives, boyhood pals, battlefield buddies and commanding officers. The United States War Department gave him free access to its archives and the Germans sent him their side of the story. In all details, it is a complete and authentic record.

### **SOLONS READY** FOR OPENING OF SPECIAL SESSION

#### Assembly Expected to in each district. Last Four Weeks.

BY PARKE BROWN.

Averaging up the estimates of various authorities, the life of the special ession of the Illinois general assembly which opens tomorrow morning, will

be from four to six weeks, There are those who say that Gov. Len Small's primary legislation program and several other matters he intends to bring before the session can completed in three weeks' time, but here are a greater number who say

that after the first week the attendance will drop off materially because the members receive only nominal compenmembers receive only nominal compensation for this "overtime." They insist that by the third week it may be so slim that recesses will be forced because of the lack of a quorum.

Thirty Bills Ready. It is reported that there now are ready to be dumped on the legislators' desks tomorrow about thirty bills, ten concerning primary and election matsixteen on Juul law amendments and similar subjects, and a few on spe-

Some of these bills, particularly those or trees and elections are of great length. They also are extremely technical, and several members already are demanding that after they receive the grist for the special mill they be allowed time at least to read through them before they are asked to act on them. Several also suggested that they will want to take the full texts of the important measures back to their spon sors for determination of policy before

An allowance for delays, both necessary and obstructive, has been made in the drafts of the primary bills. The present law, which probably will be suspended by an order to be entered by Judge Harry M. Fisher today, provides for primaries on April 10. The new bills set the date two weeks later. April 24. But it is said that this is the latest date the downstate farmers

Must Act in Five Weeks,

As there should be sixty days be tween the filing of petitions and the primaries it is estimated that the governor's program, to be carried out in its full intent, must pass the legisla-ture in approximately five weeks. It is believed his calculations will set that as a deadline, but just how his floor battles will be handled will not be deed until conferences with his

bills, the one providing for nomination of members of the general assembly, is to be a distinct novelty as it provides for a referendum on the ballot containching the names of candidates for all.

At the request of Lieut. Gov. Fred E.

At the request of Lieut. Gov. Fred E. for a referendum on the ballot containing the names of candidates for all offices. In the past, senatorial district committees have determined whether one, two or three should be nominated for the lower house. There are no legal committees of that kind now, it is contended, and therefore the question of limiting the number to be nominated is to be submitted to the voters in each district.

Chicago.

L IKE many women in Chicago, Mrs. R. G. Stamp of 2834 North Whipple street found that she could reduce her housekeeping expenses materially by renting out her spare rooms. But this means of amplifying her income did not become truly profitable until she secured steady occupancy by using Tribune Want Ads.\*

The efficiency with which they serve her is well brought out by her latest experience. On November 25, when she found two of her rooms had been suddenly vacated, Mrs. Stamp called The Tribune Adtaker. Her ad appeared in the Sunday issue and before evening she had rented the rooms to two of the twelve desirable prospects that had called in answer to her announcement

Off Air by a Cold.

BY ELMER DOUGLASS. Miss Agnes Davis, the recent radio edition \$5.000 prize winner, was listed as the stellar attraction on the New York 8:15 to 9:15 W-G-N program. Due ment has had charge of the smoke to a cold, she could not sing and her fight, the skies are darkened with soot to a cold, she could not sing and her

This left Armand Tokatyan, a Metropolitan Opera company tenor, to carry off the honors of the evening, with Ann Mack, soprano in the same company, as co-artist. It is pleasant, indeed, to hear the gifted voices of New York celebrities.

I notice that another world famous grand opera star, Titta Ruffo, also of New York, will be heard on the W-G-N 8:30 to 9:30 program this eve-

I hope no listener failed to hear a goodly portion of the magnificent concert by the Paulist Choristers, broadcast direct from old St. Mary's church, through WGES, 8 to 9:30. Maunder's cantata, "Bethlehem," was sung complete, and also continuation choral

A program of this nature by so large

which the boys' soprano voices, the paritones and the basses could be distinguished must go to the management of the broadcast.

Another program that I hope no one mann program in W-G-N'S "Music Room," 9:15 to 10. Children would have found enjoyment in the music played the Drake Concert ensemble, and the advanced music lover would have found much to ponder over in the several Schumann songs sung by Miss Kathleen Ryan, contralto.

The Schumann songs are far from easy to sing, and they are unquestionably far from easy for the hearers to grasp, but once the mental key to them is found the scene is vast, deep and consequential, and one's life is made broader and richer.

Considerable time was spent listening to the concert from WENR between 10 and 11. To have heard the orchestra's pensive reading of the Largo from his "New World" symphony, and the various singers in se-lections of classic nature bentting their voices was sufficient and more to make an office marooned Sunday listener, like myself, feel that the law of compensation still holds true.

#### **DANDRUFF**

A Sure Way to End It There is one sure way that never fails to remove dandruff complete-ly, and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid Arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger

tips.

By morning most, if not all, of your dandruff will be gone, and two or three more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruft

you may have.
You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a

hundred times better.

You can get liquid Arvon at any drug store and four ounces is all you will need. This simple remedy never fails.

by securing space for yourself and loved ones in SLEEPY HOLLOW ABBEY, a community Mausoleum.

Entombment in the ABBEY takes away the awful sting of death, eliminates the thought that you have left your loved one out-far away in the cold, and gives you a heartfelt satisfaction that your loved one lies sleeping within the beautiful marble-lined building where the damp wintry blasts can never reach. The uncertainties of life suggest immediate reservation. We should provide for ourselves and not depend upon others to do it for us.

Once again we celebrate the closing of a year of safety and satisfaction for our thousands of investors in every state in the

Millions of dollars worth of Cochran & McCluer first mortgage real estate gold bonds have been purchased without the service of a single salesman (we employ none).

We appreciate this recognition of the Cochran & McCluer direct plan of serving investors -a plan which gives the purchaser the highest interest rate consistent with safety, now 61/2%, and the personal attention of our officers. As a mark of our appreciation to our regular customers on our 47th Anniver-

sary-and as a token of welcome to new investors - we have chosen this beautiful lamp as a gift to each purchaser of our certified first mortgage bonds, either for cash or on payment plan, while this offer is in effect. Bonds are in denominations of \$100, \$500 and \$1000. As little as \$10 starts you on the Retire in 15 Years Plan and entitles you to our attractive gift offer.

The lamp, with its rich colors and tasteful Spanish Galleon design, will be a charming addition to any home. By a touch of the finger, it may be regulated to six varied degrees of lightfrom gentle glow to vivid brightness. It will make an appropriate and decidedly attractive gift. We can make this offer for a limited time only.

# The American Rolling Mill Company

5% Sinking Fund Gold Debentures Due January 1, 1948 Price 991/2 and Interest, Yielding over 5%

A sinking fund beginning April 1, 1933, of \$750,000 per annum payable semiannually April 1st and October 1st is calculated to retire approximately 45% of this issue by maturity.

The Company will agree to pay interest without deduction for any Federal Income Tax up to 2%.

The following information is taken from official sources:

The American Rolling Mill Company is the largest exclusive manufacturer of high grade sheet metal in the world. These sheets are used for enameling purposes and in the manufacture of a wide variety of products, including transformers and other electrical equipment, 'culverts, tanks, railroad cars, automobile bodies and accessories, furniture and general sheet metal work. ARMCO products are favorably known and widely used thoughout the world.

The proceeds derived from the sale of these Debentures will be used for (1) the retirement of the Company's \$6,402,000 15-Year Sinking Fund 6% Gold Notes; (2) its \$11,625,300 7% Preferred Stock; and (3) for additions to and development of properties. Through these retirements a substantial saving in interest and dividend charges will be effected.

The Consolidated Balance Sheet of the Company (excluding Columbia Steel Co. and Norton Iron Works, Inc., which are recent acquisitions and therefore excluded from consolidated statements) as of October 31, 1927, after giving effect to the application of the proceeds from this financing and the sale of 163,076 shares of common stock at \$75 a share, presently to be offered to stockholders, shows total net tangible assets after deducting all liabilities other than funded debt, of over \$78,400,000 or 285% of \$27,500,000, total funded debt to be outstanding upon completion of this financing. Current assets will be over five and one-half times current liabilities. Upon completion of this financing the Company will have no bank loans or floating debt. The patents and trade-marks of the Company, which have great value, are not carried as an asset on the balance sheet.

During the four calendar years from 1923 to 1926 inclusive, consolidated net income, after deducting reserves for depreciation but before deducting interest and Federal Income Taxes, averaged \$4,083,722 annually or about three times the annual interest on total funded debt to be outstanding upon completion of this financing. In 1926 such net income was over 3.6 times such annual requirements. The audit of the 1927 figures is under way and indications are that net earnings will approximate those of 1926.

The Trust Agreement will provide, among other things, that, except for mortgages on or created in connection with the acquisition of properties hereafter acquired and pledges of current assets to secure loans for not more than twelve months in the ordinary course of business, neither the Company nor any subcidiary (as defined in the Agreement) may create any mortgage on its property or pledge any of its assets without securing these Debentures equally and ratably with the obligations to be so secured thereby.

After the completion of the contemplated financing, the \$25,000,000 5% Gold Debentures due 1948 and the \$2,500,000 Notes due serially 1929 to 1932, which will constitute the total funded indebtedness of the Company, will be followed by \$5,088,400 6% Preferred Stock and approximately 1,141,000 shares of common stock (par value \$25). The market value of the common stock alone, based on current quotations, is over \$100,000,000.

We recommend these Debentures for investment and shall be? pleased to send circulars describing the issue in detail.

Harris Trust and Savings Bank W. E. Hutton & Co. Guaranty Company of New York Kidder, Peabody & Co. The Union Trust Company of Pittsburgh Field, Glore & Co.

These Debentures are offered for delivery when, as, and if issued and received by us, subject to approval of counsel. This offering is made by such of the above dealers as are duly registered under the Illinois Securities Law.

Security: Collateral Trust Notes are the direct and only obligation of the Corporation, unconditionally guaranteed by all of its assets. They are specifically secured by collateral not less in amount than 125 per cent of Notes issued against it.

Corporation: Republic Realty Mortgage Corporation is the largest institution in the Middle West specializing in junior mortgage finance.

Growth: Founded April 3, 1922, resources of the Corporation have grown from original capital of \$100,000, and paid-in surplus of \$5,000, to capital of \$700,000, surplus and undivided profits, \$204,863, deferred profits, \$346,324. More than \$9,000,000 has been loaned and more than \$5,000,000 of this amount repaid.

Financial Condition: Collateral Trust Notes outstanding on November 30, 1927, were \$2,569,300. Total resources (including cash, \$200,260, and outstanding loans, \$3,623,551) were \$3,913,451.

Earnings: During each calendar year since January 1, 1923, net earnings after current expenses have been at least twice the interest charges on all Collateral Trust Notes outstanding.

Mortgages: The collateral consists of monthly-payment junior mortgages on improved property in Chicago and suburbs, the first and second mortgages combined representing not more than 75 per cent of a conservative appraisal and averaging less than 65%.

Trustee: The Chicago Trust Company, Trustee, certifies each Collateral Trust Note.

#### LONDON MARKETS FAIL TO REALIZE PROMISE OF 1927

LONDON, Jan. 8 .- Although opti mism still is predominant, the stock markets last week failed to live up to the promise displayed in the closing days of the old year. With the excepstimulated by the success of the treas uary bond issue and hopes for a lower income tax.

A feature has been the buying of the funding loan, largely on the foreign account. European loans showed a strik-ing appreciation, especially German state and city bonds, while Bulgarians, Rou-manians, and Turks came into demand. The revival of speculative interest in Mexicans also was noticeable, with selling of oats against purchases of corn report that the Mexican government is featured the week's trading. The expectation that lower profits had been earned by the "big five" group of banks has been justified. Out of four whose results now are announced, only one-the Midland-showed increased reveparatively small. Outside of the big five, as an indication of the effect of the depression in the basic industries, the

The outstanding features in the industrial section last week were the rises in Marconi radio and Vocalions. Marconi ordinary was bought heavily, suggesting purchases by the cable companies for possible control in view of the increasing competition. The price touched 48 shillings, a new high record. Tobacco is coming more into favor under the lead of Imperials and British-Americans, while steady improvement is noticeable in the iron, coal, and steel share

- —"It is one of the most enterprising and progressive Philadelphia newspapers." W. H. Steigerwalt.
- "You have the outstanding newspaper in Philadelphia, giving us entre into more homes we wish to reach than any other morning publication in the city." Genting's.
- -"We can heartily endorse such advertising (in The Inquirer) as a splendid investment." Manfield.
- —"In this investigation, (dollar-for-dollar value in advertising) it was conclusively proven that the Daily and Sunday Inquirer were foremost." S. Dalsimer & Sons.
- "The results we have obtained from advertising in The Inquirer have been most gratifying." J. & T. Cousins.
- "The Philadelphia Inquirer covers the majority of homes in Philadelphia that we care to cater to." Physical Culture Shoes.

No matter what they advertise in Philadelphia—whether it's wearing apparel . . foods . . furnishings for the home . . anything from sealingwax to ships—Philadelphia merchants CHOOSE The Inquirer.

These local merchants know the quality of The Inquirer's circulation. They know its coverage of the worth-while homes. They have proven its ability to produce definite results for every dollar spent in advertising.

Take the Department Stores, for instance—the shrewdest buyers of space in America. For the year 1927, the Department Stores of Philadelphia used 2,254,175 more lines of advertising in The Inquirer than in any other Philadelphia newspaper.

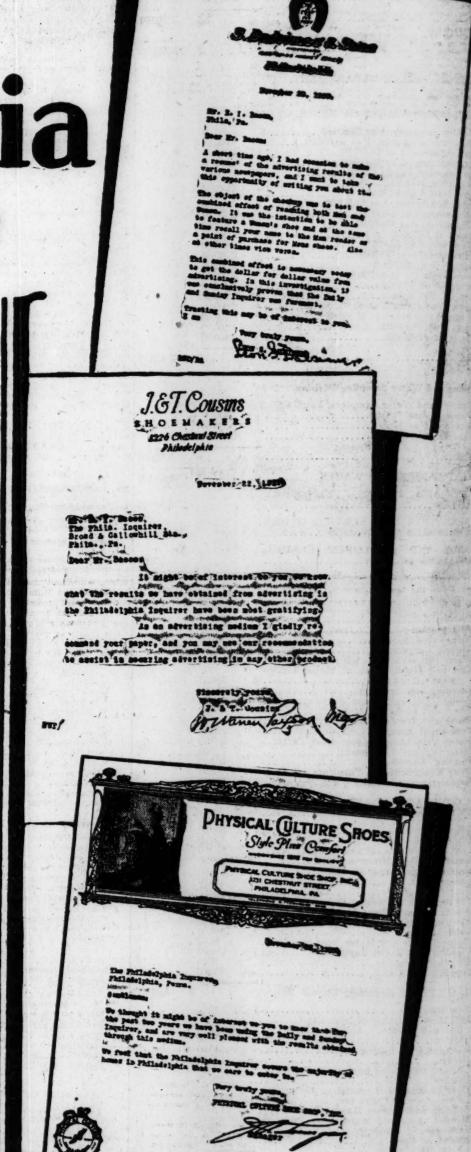

Or take Classified Advertising. During the same year, The Inquirer printed 2,144,465 more lines of Classified Advertising than any other Philadelphia newspaper.

A comparison of the totals of ALL advertising lineage carried by Philadelphia newspapers for the year of 1927 shows the following:

Several people laughed. Possibly, in some secret nook in their minds they agreed with the old lady's opinion. De Braganza made the best of it by laughing, too, and leaving her alone. Lady Doone, however, seemed to gain confidence rapidly. A light haze which enshrouded Paris soon melted under the rays of an August sun. An ever widening panorama of northern France unfolded itself. People began to talk.

When the party alighted at Croydon, Lady Doone sought out Chalmers, sot to know where she could reach him by letter or telephone, and assured alm that she would never return to France save by air and in a machine

which he piloted. De Braganza, not to be rebuffed, strove again to thrust himself forward. He did not succeed, however. Lady Doone had stated the absolute fact when the said that a car would be in readiness. She and James were whisked out

ATTENTION, SALESMEN! Will 1928 be just "another year" for you, or the most important in your life? your life?

It will be aonther year of "headaches" and "heartaches" for somefor the kind of man who is in a rut
who knows he is in it and who lacks
backbone enough to make a constructive move to get out of it.

But for the others—for the clear eyed, aggressive ready-to-face-the world type of man it wil mean some-thing else—a new deal—a new oppor-tunity—another chance to cash in on his energy, his ability and the good times that all the economists predict. THE HARMON ORGANIZATION

WANTED-FEMALE HELP. Miscellaneous

TURN YOUR SPARE TIME INTO DOLLARS

You know us, and you know our work. The HARMON organization has developed 12 of the most beautiful home sections in Chicago-Chaham Fields, Englefield, Ravenswood Manor, Beverly Hills, and others equally successful. It has made profits of over \$30,000,000 for investors in its Chicago properties alone. Our assistants in this work have carned many hundreds of thousands. Now we want to know YOU have an unique proposition to make to a few clever people who want to turn their spare time into dollars.

This proposition does not involve selling. It requires no investment on your part except some of your spare time each week. You will find his work dignified, interesting, and pleasant, and it is simple. You will merely be asked to follow methods that have already put thousands of others like yourself on the road to financial independence. If you have a serious desire to better yourself, then an hour of your time spent with us can be the most profitable investment you have ever made. WE HAVE A RECORD OF 40 YEARS OF PROMISES KEPT. HERE'S ANOTHER PROMISE.

Call Tuesday, at 8 p. m. sharp, in Room 543, 140 S. Dearborn-st., and we will describe an earning opportunity that is unique in Chicago real estate history. SERIOUSLY SPEAKING

FOR

1928. I want to talk seriously with several ladies over 25 years of age relative to two openings I have that will bring \$3,000 to \$4,000 to earnest workers during 1928.

Yes, the work is hard-but very interesting and dignified—and does bring big returns—and can be handled as either a full time or part time position by both married or single ladies. I invite interested ladies to come in any time Monday to frankly dis-cuss the possibilities of these two po-sitions—learn for yourself just what big money can be made in 1928.
